Child	6 – 6 7/8	18 1/2" – 21 3/4"	47 – 55 cm

FIT NOTES

- "Circumference" is the distance as measured around the head, just above the ear.
- Select the most snug helmet size, without being uncomfortably tight.
- Keep in mind that everyone's head shape is different. If you happen to fit between two sizing brackets, it is better to go to the lower sizing bracket if you have a narrow head and up to the next bracket if you have a rounder shape to your head.
